Date: 25th Feb 2023

Time: 8pm - 12am

How to Support ?

Azhar Academy has acquired this site for the expansion of our Outstanding girls school for **£2.7 million**.

The building has approximately **25000 sq ft** internally and approximately half an acre of adjacent land.

In addition to the purchase, we have carried out essential works to the value of £1million since in accordance with all necessary Ofsted and regulatory requirements.

We now urgently require **£2million** only to pay off the Qardha Hasanah raised to purchase the site and carry out essential and necessary works!!

Essential Works Undertaken

- ▶ Apply for and get all new services, gas, electric and water into the new building as all services had to be cut off.
- ▶ Install a completely new hot water and heating plant to cover the entire building.
- ▶ Creating 2 further classrooms.
- ▶ Procure and install 2 fully resourced science labs and carry out all necessary preparatory works.
- ▶ Install a fully functional and resourced IT suite.
- ▶ Installing Air conditioning and extractor fan units where necessary throughout the building.
- ▶ Installation of toilets to prepare the building to meet DfE standards. This building when purchased, only had 7 toilets and therefore we had to refurbish and install 26 toilets along with accessible toilets and shower facilities.
- ▶ Entire building modernising of electrical work with certification and replacing old lights with new LED lights.
- ▶ Installing a kitchen.
- ▶ Preparing staff rooms and staff offices

- ▶ Creating an assembly hall, as the building did not have one given it was part of a larger campus;
- ▶ Installing CCTV, fire, burglar and panic alarms;
- ▶ Putting new flooring and restoring/repairing the old wooden floor!
- ▶ Essential decorating, painting and furnishing works, including doors and windows, and replacing wherever necessary;
- ▶ Installing a modern PA system throughout the entire building.
- ▶ Purchasing and installing smart screens in every class room, as well as in the assembly hall, Which also contains a projector and projector screen.
- ▶ Purchasing all necessary school furniture such as tables, chairs, lockers and the alike;
- ▶ Creating a car parking area for staff and play area for the children;
- ▶ Repairing and refurbishing existing windows to ensure consistency with the entire building; and
- ▶ Repairing roof leakages and various other roof and gutter works.
